

Maximized Marketing

Your All in One-All Inclusive-Digital Marketing Solution

Digital Domination Services Line Items

At Maximized Marketing, we have worked with dealerships all over the country just like yours and helped them increase their rankings. We have figured out the best and most effective strategies to get your website ranked at the top of the search engines and it all comes in one complete package.

Our program is a comprehensive local marketing and SEO plan that covers the most important areas of Internet marketing to increase your rankings in local searches on Google, Bing and Yahoo.

This plan focuses on ranking in Maps (3-pack), Organic Listings, Directories, and in Social Media. The focus is on increasing visibility, traffic, and conversions.

To ensure high quality from our services we have done a compilation of competition research, understanding of proven processes that provide efficiency and effectiveness, and most importantly...affordability.

We provide a road map that details out your project in a meticulous, step by step process (see below) so you are aware of where we are at in the process. Every project comes with access to one of our Project Managers to assist you in this process.

Project managers will provide you with regular updates including monthly reports to show the progress of your entire campaign.

Our commitment with our services is to provide a competitive price, efficiency, and effectiveness with every campaign and the best project management in the industry.
